potted roses are
BETTER ROSES . . . and they're
 easier to plant and care for!

Roses are available "bare-root" . . . last fall they were dug, and placed in cold storage. *If correctly cared for*, they are dormant rather than dead. Other roses are culls, or semi-wild varieties.

AT THE NURSERY WE SELL ONLY POTTED PLANTS. We select the finest patented varieties, All-America Rose Selections plus varieties that are proven hardy in this area. We prune the roots, trim top growth, plant in eight pints of sterile soil, fertilize and treat with insecticides. Then our roses are cared for by University Trained Horticultural Specialists from the moment they're planted, until you buy them. The rose plant you buy AT OUR NURSERY is in active, vigorous growth . . . you just dig a hole and plant it. We've done all the dirty work and worrying—you just enjoy them. Best of all variety-for-variety, and quality-for-quality, you'll find our potted rose plants moderately priced when compared to you-do-the-work types.

A FEW OF THE ROSE VARIETIES AVAILABLE AT THE NURSERY

tending roses is fun with

OUR OWN ROSE CARE PRODUCTS

You are using the right Rose Spray, and Rose Dust, when you use OUR OWN FORMULATIONS. These products have been carefully formulated, and thoroughly tested to prove that they perform best in this area. We also feature easy-to-use and effective fertilizers to insure maximum, healthy growth for your newly planted, or established rose plants. You'll be delighted to find that our formulations are extremely economical when compared to other brands.

**FLOWERING
 EASTER PLANTS**

Hydrangeas, Lilacs, Azaleas, Tulips are just a few of the flowering plants we offer as the perfect Easter gift . . . or to bring Spring into your home. You'll find our selection most complete, with house plants ranging in price from 59c to over \$100.

For a truly unusual, and thoughtful gift . . . may we suggest a flowering tree or shrub, in addition to indoor plants.

sing a song of spring with

FLOWERING TREES AND SHRUBS

Right now, you can have clouds of red, pink and white blossoms highlighting your lawn . . . spotlighting your foundation plantings and hedges .

Plant the flowering tree or shrub you “meant to.” Many species are in full bud, and just waiting to be planted before they burst into bloom.

A few varieties that we suggest for immediate planting are —Dogwood, Magnolia, Cherry, Crabapple, Azalea and Lilac.

AT THE NURSERY you’ll find trees, shrubs and plants that will give you continuous bloom from earliest Spring, right through frost. Ask our landscape specialists to suggest the correct grouping for you.
